PinCo ACS Winlink Workflow Agenda

- Pre-Deployment
- Establish Station Position
- Winlink Check-In Message
- Winlink Field Situation Report
- PinCo EOC

PinCo ACS Winlink Workflow

Pre-Deployment – Routine Maintenance

- Radio Go-Kit Preventive Maintenance
 - Quarterly Checks
 - Check and update, as required, Windows operating system.
 - Check and update, as required, Winlink Express application and templates.
 - Check and update, as required, virtual TNC applications.
 - Exchange Winlink traffic with the PinCo EOC using Telnet and Tactical Addresses.
 - Semi-Annual Checks
 - Inspect and inventory contents of the Radio Go-kit.
 - Laptop Computers stored in charging station

PinCo ACS Winlink Workflow

Pre-Deployment – Activation

- Activation – Time Permitting
 - Before Shelter teams arrive at the EOC
 - Inspect and inventory contents of the Radio Go-kit.
 - Remove laptop computers from charging station and add to go-kits
- Shelter teams pick-up radio kits and deploy to evac shelters

Winlink Check-in

The Check-in Form notifies net control or the agency having jurisdiction (AHJ) that a station is available. Use the CHECK-OUT form when leaving the net, changing shifts or securing the station.

Winlink Check-In Form - Initial Entry
SETUP: add your agency or group name to the form. It will remain until you change it. Clear:click on setup, delete the entry and enter a space. Then click OK.

1. STATION (Information)
a. Date/Time: automatically defaults to LOCAL time. Can be manually changed.
b. To: Enter recipient email address. Addresses in this field populate the Winlink Message To: field. For Winlink recipients only enter the callsign or tactical address.
c. From: For internet recipients enter the email address. Multiple addresses should be separated by semicolons (;).
c. From: Sending callsign or tactical address. Populated by Winlink message From: field.
d. Station Contact: Name of the station contact at sending station. Refers to the person with authority to send traffic. Depending on the situation that may be an emergency manager, agency personnel, radio operator, etc.
e. Initial Operator(s): Callsigns of initial operator(s) on site. Useful when the From: is a tactical address or when one or more operators are on site.

2. SESSION
a. Type: Select EXERCISE or REAL EVENT.
b. Service: Select AMATEUR (FCC Part 97 rules) or SHARES (NTIA rules)
c. Band: Select the band you intend to use. NA = Not available/Unknown; Telnet = Internet/Mesh; HF - High Frequency 3 MHz - 30MHz; VHF - Very High Frequency 30MHz - 300MHz; UHF = Ultra High Frequency 300MHz - 3000MHz; SHF = Super High Frequency 3000MHz and above
d. Session: Select the Winlink session you intend to use. Telnet (via Internet); Packet; Pactor; Robust Packet;; Ardop; VARA HF; VARA FM; Iridium Go; Mesh (via AREDN, HamNet, HamWAN, etc.)

3. LOCATION
a. Location: Enter your location. This is intended to be a tactical address, descriptor, facility, city, county, region, state, country, etc. This entry is added to the Subject line. Full street addresses are better entered in Comments instead. For precise location enter latitude and longitude or MGRS below.
b. Latitude: Enter your latitude or accept the value Winlink suggests*.
c. Longitude: Enter your longitude or accept the value Winlink suggests*.
d. MGRS: Enter your Military Grid Reference System (MGRS) coordinates or accept the value Winlink suggests.
e. Grid Square: The grid square is calculated based on your Latitude, Longitude or MGRS entries.

*COORDINATES
Winlink suggests latitude, longitude, MGRS and grid square coordinates based on
- Center of your grid square coordinates if no GPS is present and no manual entries are entered and activated in Position Reports.
- Manual coordinates manual entries have been entered and activated in Position Reports.
- GPS Coordinates if a GPS is connected to Winlink in Position Reports.
Note: form coordinates can be entered and adjusted manually and may therefore differ from the automatic coordinates Winlink attaches to each email by default in the message header.

4. COMMENTS
Enter any comments that may clarify your situation when checking in.

SAVE and LOAD
SAVE: Saves entries to a text file for later retrieval.
LOAD: Loads entries from saved text file

PinCo ACS Winlink Workflow

PinCo EOC Radio Room Tasks

The screenshot shows the Winlink software interface. On the left is a map of the Clearwater, Florida area, with various locations marked. On the right is a 'Map Filters for Winlink Check-in V5' dialog box. The dialog box has several sections:

- Age and Date Limits on Reports:** Includes radio buttons for 'Do not limit reports by age or date', 'Only display reports more recent than this many hours: 10', and 'Limit to this date range:'. The 'Limit to this date range' option is selected, with 'Limit start date/time' set to 2024-06-08 03:04 and 'Limit end date/time' set to 2024-06-08 17:54.
- Filter Map by Field Values:** Includes a 'Stored Filter Sets' section with a dropdown set to '(none)'. Below that, there are checkboxes for 'Enable map filtering' (checked), 'Include text fields such as comments as filter items', and 'Select reports that match ANY enabled filter item' (unchecked). The 'Select reports matching ALL enabled filter items' option is selected.
- Filter Table:** A table with columns for 'Form field', 'Operator', 'Selection Value', and 'Marker Color'. The rows are:

Form field	Operator	Selection Value	Marker Color
2a. Type	=	(Ignore)	(default)
2b. Service	=	(Ignore)	(default)
2c. Band	=	(Ignore)	(default)
2d. Session	=	(Ignore)	(default)
Location source	=	(Ignore)	(default)
Range (mi)	=		(default)
Sender	=	(Ignore)	(default)
- Color Selections:** Includes a 'Clear all selections' button and three color dropdowns: 'Blue' (Default color for unselected markers), 'White' (Color if multiple colors are selected), and 'Green' (Color of your location marker (QTH)).
- Marker Display Options:** Includes radio buttons for 'Display all markers using colors to indicate selected ones' (selected) and 'Display only markers selected by filters'.

At the bottom of the dialog box are 'Save' and 'Cancel' buttons. The map in the background shows the Clearwater area with various landmarks like Morton Plant Hospital and Clearwater Marine Aquarium.
